

Precise Aesthetics.

Brand identity system

A new standard, deserves a new system.

This brand identity system defines who Precise Aesthetics is, what we sound like, and how we look across every surface — from the website to the launch event signage to a single line in a Slack message.

It is a working document. The bones — positioning, voice, core visual identity — should remain stable. The expression flexes as we grow.

01	Strategy	04
02	Voice	07
03	Color	10
04	Typography	13
05	Logo system	15
06	Imagery	17
07	Motion	18
08	Applications	19
09	Governance	22

01

Strategy

Positioning, mission, and the brand promise we sign with every practitioner who chooses our system.

THE BRAND PROMISE

Predictable outcomes across every skin type.

One sentence. It goes on the homepage hero, in press boilerplate, on conference badges, in elevator pitches. It does not change. Everything else in the brand serves this promise.

Five principles that shape every decision.

01

Precision

Every parameter, every protocol, every claim is grounded in measurement.

02

Equity

Skin of every shade. We engineer for the patients other systems fail.

03

Authority

Clinical expertise leads our work. Marketing supports it. Never the reverse.

04

Restraint

Less, said better. We earn trust through what we don't say.

05

Iteration

Real-world data is the loop that makes the system smarter.

A master brand. A flagship product. Future systems.

PS Medical Aesthetics, LLC is the legal entity. Precise Aesthetics is the brand the world sees. Precise Pico is the flagship device, the first system in the library.

Future products live under the same parent — Precise RF, Precise Skin, whatever comes next. The architecture scales without rebranding.

02

Voice

Clinically authoritative. Editorially restrained. Quietly premium.
Three pillars. One register.

What we sound like — and what we don't.

SOUNDS LIKE US

Predictable outcomes across every skin type.

Engineered for safety on Fitzpatrick IV–VI.

The protocol leads. The laser follows.

A new standard in laser dermatology.

Skin of every shade.

DOESN'T SOUND LIKE US

Revolutionary breakthrough in skin rejuvenation!

Unleash your skin's true potential.

Industry-leading proprietary technology.

World-class results you can trust.

Game-changing innovation in aesthetics.

A craft handbook.

01

One idea per sentence.

If a sentence has two clauses joined by "and," consider splitting.

03

Numbers earn trust.

Replace "many" with "247." Replace "fast" with "in under 2 minutes."

05

No exclamation points.

Outside of internal Slack and friendly support emails. Period.

07

Sentence case headlines.

Not Title Case. Not ALL CAPS. ALL CAPS only for tracked overlines.
PRECISE AESTHETICS™ · VOICE

02

Lead with the verb.

"Engineered for..." beats "We have engineered..."

04

Cut hedge words.

Just, really, very, actually, basically. Remove them all.

06

No emoji in marketing.

Sparingly in support emails if the team voice already includes them.

08

Em dashes — no spaces.

Not hyphens with spaces. Curly quotes, not straight.

03

Color

Midnight as the foundation. Brand blue as the accent.
Champagne as the wax seal. Bone as the breath.

PRIMARY PALETTE

Four families. Four roles.

Use the right family for the right job. Midnight grounds the work. Brand blue accents it. Champagne seals premium moments. Bone gives the system breath.

MIDNIGHT

Midnight 800
#0C1426

PRECISE AESTHETICS™ · COLOR
Hero backgrounds. Primary CTA.

Premium moments. The dominant brand color.

BRAND BLUE

Brand Blue 300
#A8C8E8

Logo blue. Borders, focus rings, strokes, accents. Never as a dominant fill.

CHAMPAGNE

Champagne 200
#E8DCC4

The wax seal. Launch CTA, "invitation only" badges. Use sparingly.

BONE

Bone 100
#FAF7F2

Default page background. Never pure white. Warm. Restful. Editorial.

Every stop. Every state.

-------------------	--------------------	--------------------	--------------------	-------------------	-------------------	-------------------	-------------------

04

Typography

Fraunces for display. Inter for everything else. Discipline at the type level. Editorial weight, never decorative weight.

Hierarchy through scale, not weight.

DISPLAY XL

Predictable.

Fraunces 400 · 96pt

DISPLAY LG

A new standard.

Fraunces 400 · 64pt

H1

The protocol leads. The laser follows.

Fraunces 400 · 36pt

H2

Skin of every shade.

Fraunces 400 · 24pt

LEAD

A multi-wavelength pico platform paired with the PIH Prevention Protocol.

Inter 400 · 14pt

BODY

Predictable outcomes across every Fitzpatrick skin type, engineered through clinical protocol and refined through real-world data.

Inter 400 · 11pt

05

Logo system

A monogram, a wordmark, a tagline. Together they form the lockup. Apart they cover every application from favicon to event signage.

Every variant. Every application.

Primary on bone backgrounds. Site headers, light pages, print.

Primary on midnight backgrounds. Hero, dark pages, signage.

PRECISE AESTHETICS™ · LOGO SYSTEM
Monogram, light

Monogram, dark

Mark only, light

Mark only, dark

Documentary, not glossy.

Clinical authority meets editorial warmth. We shoot natural light, real environments, and real people. Skin tones rendered honestly — never warm-shifted to look "healthier."

Our reference brands are Aesop product photography, The New York Times Magazine photo essays, Le Labo, and Augustinus Bader. The mood is restraint, not glamour.

WHAT WE SHOOT

- Roni and the clinical team in their environment
- Practitioners using the device, with consent
- Before/after patient pairs, with signed consent
- Detail shots of the device — close-ups, materials, the screen
- Environmental shots of Chicago, the practice, the team

WHAT WE DON'T SHOOT

- PRECISE AESTHETICS™ IMAGERY
- Stock photography of women touching their faces
 - Spa imagery (candles, towels, orchids)

CLINICAL DETAIL

PORTRAIT

ENVIRONMENT

DEVICE

Restrained. Purposeful. Earned.

Linear, Stripe, Vercel — that's our motion register. Every animation must serve comprehension, not decoration. Hero entrances, yes. Every section fading on scroll, no. All motion respects `prefers-reduced-motion: reduce`.

ALLOWED

- Hero entrance — one deliberate animation per page load
- The System diagram — sequenced reveal of pillars
- The Treatment Flow — sequenced reveal of seven steps
- Hover states on interactive elements
- Modal and sheet open/close
- Form field focus
- Launch countdown — continuous tick

FORBIDDEN

- Every section fading in as user scrolls
- Text revealing letter-by-letter
- Parallax decoration
- Auto-playing video
- Looping animations in marketing copy
- Custom cursors and trailing dots
- Page transition effects between routes

THE MOTION PRINCIPLE

If an animation didn't earn its place by serving comprehension, remove it.

06

Applications

From the launch event to the email signature, the brand has to feel like one thing across every surface.

Civic Opera Building, Chicago.

A premium evening, by invitation only. The materials: invitation cards, name tags, signage, programs, and a step-and-repeat that photographs cleanly under low light.

Invitation, foiled

Name tag

Station signage

Stage backdrop

Site, email, social.

preciseaesthetics.com — homepage hero

The homepage hero section features a dark blue background. At the top left, there are three small white dots followed by the Precise Aesthetics logo (a circle with 'P|A' inside) and the text 'Precise Aesthetics'. Below this, the text 'LAUNCHING AUGUST 8, 2026 · CIVIC OPERA BUILDING' is displayed in a small, white, all-caps font. The main headline 'Protocol-driven pico laser.' is written in a large, white, serif font. Below the headline, a paragraph of white text reads: 'Predictable outcomes across every skin type. The Precise Pico™ system pairs a multi-wavelength pico platform with the PIH Prevention Protocol™.' At the bottom, there are two white buttons with dark blue text: 'Request a demonstration' and 'See the system'.

Precise Aesthetics

LAUNCHING AUGUST 8, 2026 · CIVIC OPERA BUILDING

Protocol-driven pico laser.

Predictable outcomes across every skin type. The Precise Pico™ system pairs a multi-wavelength pico platform with the PIH Prevention Protocol™.

Request a demonstration

See the system

Transactional email

The transactional email template has a white background with a thin gold border. It starts with the Precise Aesthetics logo (a circle with 'P|A' inside) and the text 'Precise Aesthetics'. Below this, the headline 'Demo confirmed.' is written in a dark blue, serif font. A paragraph of dark blue text follows: 'We'll see you Tuesday at 2:00 pm. Calendar invite is in your inbox.' At the bottom, there is a dark blue button with white text that says 'View details'.

Precise Aesthetics

Demo confirmed.

We'll see you Tuesday at 2:00 pm. Calendar invite is in your inbox.

Social — feed post

The social feed post template has a dark blue background. At the top, the text 'AUGUST 8 · CHICAGO' is written in a small, white, all-caps font. Below this, the headline 'Skin of every shade.' is written in a large, white, serif font. At the bottom, the text 'Engineered, not improvised.' is written in a smaller, white, italicized serif font.

AUGUST 8 · CHICAGO

Skin of every shade.

Engineered, not improvised.

A living document.

This brand identity is a starting point, not a cage. The bones — positioning, voice pillars, core visual identity — should remain stable. The expression flexes as we grow.

APPROVAL MATRIX

DECISION	APPROVER
Brand strategy / positioning	Founders + Clinical Director
New product naming	Founders + Legal
Visual identity changes	Brand owner
Co-branding agreements	Founders + Legal
Press releases / boilerplate	Marketing + Founders
Clinical claims / protocol language	Clinical Director + Regulatory
New marketing assets (within system)	Marketing lead

QUARTERLY REVIEW

Once per quarter, the brand owner conducts a 30-minute audit:

- Recent assets produced — on-brand?
- New voice patterns emerging — codify or correct?
- Drift in social, decks, partner usage?
- Update this document as needed

WHEN IN DOUBT

Return to the brand promise. If the work serves it, it's probably on brand. If it doesn't, it isn't.

*A new standard, deserves a
new system.*
